

2-2-2 Wiring Precautions

- Do not make any mistake in polarity when supply DC power to the K3NR.
- Do not wire power lines alongside the signal lines of the K3NR in order to prevent the K3NR from noise interference.
- Wire the terminal block with crimp terminals.
- Tighten each screw to a torque of $0.78 \text{ N} \cdot \text{m}$ (8 kgf \cdot cm).
